

## [Listen: HHS CISO Janet Vogel and Deputy CISO Chris Bollerer](#)

Season: 2

| Episode: 9

Information-sharing and defending health care from threats are some security initiatives at the agency.

Thu, 01/02/2020 - 15:33

Janet Vogel and Christopher Bollerer discuss the current challenges and opportunities in health cybersecurity, especially information-sharing across the public and private sectors, workforce training and education, and the cyber hygiene essentials underpinning security innovation.
